Michael H. Bruno TAGA Award For Outstanding Contributions to the Graphic Arts Industry

The Technical Association of the Graphic Arts is an international organization of technologists, scientists, technical, and production personnel in the printing and allied industries, as well as students in accredited graphic arts programs. It was established in 1948 as a forum for reporting on new research and technology in the graphic arts. It has a long history of distinguished annual conferences at which technical papers on graphic arts subjects are presented. The annual volumes of TAGA *Proceedings* are the published records of these papers by leading technical and scientific men and women who have contributed immeasurably to the progress of printing technology and graphic science throughout the world.

The Board of Directors of TAGA hereby recognizes a professional with a distinguished career to receive the 2020 TAGA Michael H. Bruno Award in appreciation of his dedicated service and contributions to the advancement of graphic arts internationally.

As evidence of this honor, the awardee will receive the Michael H. Bruno Award. This award is named for the late Michael H. Bruno. Printing was his vocation for his entire working life. He was a kind and gentle man who was passionate about printing and the people who produced it. In his own words, "I had the good fortune to be where the action was during the most active period since printing was invented." We, in turn, were very fortunate to know Michael. Everyone who knew him or knew of him respected him and his incredible knowledge of the industry. What a wonderful legacy to leave for the world.

Presented here is a summary of the accomplishments of this year's distinguished recipient of the Michael H. Bruno Award.

2020 Bruno Award Recipient: Gary A. Jones

Gary A. Jones is the director of environmental, health and safety (EHS) affairs at the PRINTING United Alliance in Fairfax, VA. His primary responsibility is to monitor and analyze EHS regulatory activities at all domestic and some international government levels. He provides representation on behalf of the printing and specialty graphic imaging industry. In doing so, Mr. Jones works closely with

the federal and state-level Environmental Protection Agencies (EPA), Occupational Safety and Health Agency (OSHA), Department of Transportation (DOT), and other agencies.

Widely considered a leading authority in his field, Mr. Jones frequently organizes and participates on industry committees or is the sole industry liaison representing the printing industry before state and federal regulatory agencies during rulemakings. He also works with the agencies to secure interpretations and other related policy documents on how the regulations apply to printing operations.

Mr. Jones provides membership assistance on EHS compliance and sustainability programs. He regularly presents at industry events and workshops. He regularly contributes to a variety of publications including the PRINTING United Alliance Journal. Mr. Jones also provides support to the Sustainable Green Printing Partnership, an organization dedicated to assisting printers respond to the customer demand for environmentally friendly printing.

Prior to joining the Specialty Graphic Imaging Association (now PRINTING United Alliance) in 2018, Mr. Jones was the Assistant Vice President for EHS Affairs at Printing Industries of America. Before working at Printing Industries of America he was a criminalist for the Allegheny County Forensic Laboratory in Pittsburgh, Pa and an analytical chemist for the Commonwealth of Virginia Bureau of Forensic Science. He holds a BS in biology from LaRoche College and an MS in chemistry from the University of Pittsburgh.
